To Whom It May Concern:

This letter is to acknowledge that Forever Nutraceutical facility in Phoenix, AZ (Facility # C0095581) is a NSF Dietary Supplement GMP Registered facility. The GMP Registration for the above facility is a confirmation that the facility is in compliance with NSF's GMP Registration Program requirements. The GMP Registration is based on a successful NSF GMP audit and satisfactory corrective action plans. The audits are based upon the GMP regulations for Dietary Supplements as defined in FSMA and cGMP (21 CFR § 111), (21 CFR 117), NSF's GMP Registration Policies and Section 8 of NSF/ANSI 173

Product forms manufactured at this site that are within the definition of a Dietary Supplement, per NSF's GMP Registration Program are caplets, capsules, fish oils, pills, tablets, gelcaps, softgels, powders, amino acids, antioxidants, botanicals, minerals, probiotics, and vitamins. Please note that these products have not been evaluated, tested or certified by NSF.

The authenticity of their registration may be confirmed by searching the NSF website at <http://info.nsf.org/Certified/GMP/>. NSF listings are updated daily and are always the best way to confirm the Registration status of any Company.

A handwritten signature in black ink, appearing to read "David Trosin".
